BUSINESS CHALLENGES

- Problem that this solution solves
- Problem that this solution solves
- Problem that this solution solves
- Problem that this solution solves

INTRODUCTION

Brief description of the solution — what you built, who it's for, and the core value delivered in 2–3 sentences.

SOLUTION

[Architecture Diagram]

Solution description including tech stack, any issues spotted and how they were resolved. Include architecture notes, integrations, and key design decisions. Keep it concise but informative.

OTHERS

IMPACT

Add your notes here about what was achieved, learned, or planned next.

LEARNINGS

Add your notes here about what was achieved, learned, or planned next.

NEXT STEPS

Add your notes here about what was achieved, learned, or planned next.

ADDITIONAL NOTES

Any links, resources, or context relevant to the project.
